

Diploma in

LOGISTICS AND SUPPLY CHAIN MANAGEMENT

(N/0414/4/0026)(09/2027)(MQA/PA 15842)

ABOUT OUR LOGISTICS AND SUPPLY CHAIN MANAGEMENT PROGRAMME

The Diploma in Logistics and Supply Chain Management program was designed by the Kuala Lumpur Metropolitan Business School at KLMUC to provide students with a greater need for expertise in the field of logistics and supply chain management, capable of managing global supply chain strategies and risks

PROGRAMME AIM:

Diploma in Logistics and Supply Chain Management provides students with a thorough grounding in Logistic and Supply Chain management concepts and practices, prepare Logistics and Supply Chain practitioners with the skills and knowledge to solve Logistics and Supply Chain issues and develop students' critical and analytical powers in relation to supply chain management. Students will be exposed to all aspects of logistics and supply chain management, including transportation, warehouse management, procurement management, supply chain management, and inventory management. Students are equipped with human skills in logistics and supply chain management, specifically interpersonal skills, communication skills, leadership skills, and information technology skills and competencies.

ENTRY REQUIREMENTS:

- ▶ Possesses SPM with at least credit in THREE subjects; **OR**
- ▶ A pass in SKM Level 3 in the related field subject to the approval of Senate/Academic Board. Note: HEPs need to conduct specific screening and guidance related to the field of program for the students; **OR**
